*Learning Together Respectfully to
Achieve our Very Best.*

WINTER IS COMING

Welcome to Winter!

Time to get out the slippers and colds medications!
Each child has a pigeon hole at the front desk to
enable them to switch from their gumboots or
winter shoes into warm footwear inside.

Education Program Report

I have commenced the training days for Leading Literacy for Networks. There will be five workshops held throughout the year to upskill in the planning and delivery of best practice literacy teaching and learning. Worth noting is the focus of the school developing social capital within its workforce. This is characterised by staff who work together, holding quality conversations that focus on student development, school instructional improvement and always based on feelings of trust and closeness and team centred. I am proud to say that our school is very much focused on building and strengthening our capital both human and social to achieve the best results for all of the children in our care.

THANK YOU IGA!

Mary Marks and the team at IGA have donated a set of old uniforms to be used as art smocks. We appreciate your generosity and look forward to making use of them in our art lessons. See Page 4 for a photo of our artists in training!

New tabletops!

The Junior Classroom students got a big surprise last Friday when they arrived to find brand new tabletops of all colours in their room. The old tops were distinctly worn and tatty and had been here for at least 33 years (that I know of!)

The students are full of enthusiasm to do their 'best work' on these new spaces and have shown a positive response to the fresh look. See Page 5 to see our fresh new tables.

School council

Last Thursday, May 30th, the members of school council met at 6 p.m. and after a light supper, sat down with Gail Allen of *synergistiq* to work through the manual on School Governance for School Council. All members were able to explore their roles and responsibilities and came away with a greater understanding of how they can help the school in delivering the best outcomes for both the students as well as meeting all our legal and DET requirements.

Morning Tea Fun

As seen below and in the Mansfield Courier, we had a very enjoyable morning tea on May 23rd. A huge thanks to the organisers for the delicious food and good company. Jamieson students decorated the tables with their Careers posters, all part of Education Week.

Seen below: Harry Berg, Bailey Tulk and Loki Konyn, all made the most of the fabulous food and great music provided by the famous Denis Tucker (seen in the background). We hope that lots of funds were raised for the Cancer Council research.

TEACHING READING HELPING YOUR CHILD LEARN

Presented by Ann Ryan
Specialist Teacher Consultant, Learning Difficulties Australia (LDA)

**MANSFIELD LIBRARY
THURSDAY 6 JUNE AT 6.00PM**

Ann's presentation will cover :

- How is reading taught in schools?
- What are decodable readers and why are they recommended?
- How can decodable readers be used at home?
- What are sight words (sometimes called magic/rainbow/miaow words) and how do children learn them?
- What to do if your child is not progressing?
- Tips and strategies for making home readers fun.

Ann is an experienced teacher who has taught across all sectors: primary, secondary, specialist and adult education. Motivated by the number of students not attaining a functional level of reading, often after many years of schooling, and the significant cumulative impact a lack of reading has on the self-esteem of the affected individuals, Ann opened a private practice in Wangaratta to continue her work as a Specialist Teacher Consultant with LDA.

World Wide Web...are you ready!?

Please go and have a look when we are launched and provide feedback on how we can make it even better. We will be linking in with the township website to further integrate ourselves as part of the larger community.

A huge thanks to Karen Alderson, who has worked with us to create the space and populate all of the windows. It has taken a lot of trial and error, but we think we have made a user-friendly site that shows the world what we have that is so unique to Jamieson.

Thankyou for sharing the food with us. I hope you have a good time. from charlie.

Thankyou from Adler
I loved the footy games. I loved the fruits

Last Wednesday May 29th, we travelled in Buster to the Mansfield Bowls Club to take part in an experience of carpet bowls. Due to the cold weather, we played carpet bowls.

Funded as part of our Sporting Schools grant, the students enjoyed games and skills, some showing real potential as Club Champions of the future!
Thank you to the team at the Mansfield Bowls Club!

On the 29th of May we went to the Mansfield bowls club and they taught us how to play carpet bowls.

I found a new technique. You put the dot to your right thumb on top and bowl to the middle right (if you are left handed you'd do left instead of right). John Foots told me about this technique.

I came 1st once 2nd twice and 3rd once.
by Abi.

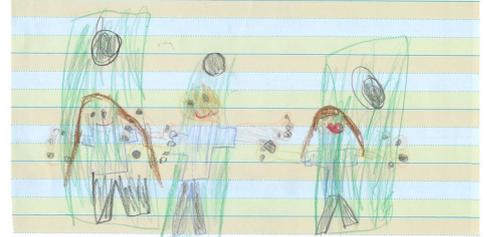

On the 29th of May we went to Mansfield to play indoor lawn bowls.

We split up in groups. We had to get the closest to the kitty to win. With the second task we had to try to get the ball on the target and the third we had to try to get the bowl in the middle on the cones to get a goal.

Georgia

Thankyou
I would like to say
Thankyou for
teaching us how to
Play Bowls.
